President's Message

Spring is supposed to be here, but I'm sitting here watching it snow. My customer cancelled because of the bad weather, so I have awhile to write this message before my next victim gets here.

Marty Martin and I went to Springfield, MO, and got contracts signed for a motel there for the 1996 National Meet. We may also have some sponsorship from a Ford dealer next door. The women will enjoy a huge mall across the street.

PLEASE get registered for the Nationals in Valley Forge so they can finish their plans. If you call the motel for reservations, be sure to tell them you're with the Falcon Club. Otherwise they may tell you they're full for that weekend.

I talked to Bonnie Stringer, our Club Store Manager, and she told me about all the new products she and Mary will have at the Nationals. They both work very hard at taking care of the club store and do a fantastic job.

I've been catching some static about not making it to some of the regional meets on the coasts. I'd like nothing better than to be able to make every meet. However, I still have to try to make a living cutting hair to support my family and the Falcons. Unfortunately I don't have a job with paid vacation — if I don't work I don't bring in any money. However, if I should ever win the Lotto, you may get sick of seeing me because I'll be at every one in the old black Sprint.

My customer is here, so I have to get back to work. Take care and we'll see you down the road.

Jim Hatcher, FCA President

Thank You! I want to thank Bill Barren and members of the Erie Canal Chapter, and Phil Barber and members of the Mason Dixon Chapter for supplying information on the 144 c.i. engine.

You're All Invited

As we approach the Fifteenth Annual National Falcon Convention, planning is being finalized to ensure that your visit to Valley Forge will be enjoyable.

Applications have been arriving steadily. The Keystone Chapter appreciates the promptness with which FCA members are responding. Don't forget that in addition to car and swap space registrations, there are a pasta party, convention banquet, tours, T-shirts and caps. Please fill out your application carefully, indicating whether your Falcon is entered as stock, daily driver, modified, competition or masters. Your car will have a reserved parking location in the appropriate class for the duration of the show.

It is our hope that many classes will have to be split due to the number of pre-registrations. For example, classes with hardtops or convertibles could be split into a Futura class and a Sprint class. The daily driver class, for registered, driven vehicles without antique or classic tags, will be subdivided according to year or body styles if pre-registration warrants. Entries at the reduced pre-registration rates will be accepted up to June 15. The lead time required for the production of the awards will require us to make a decision about the splitting of classes by May 31, so try to get your registration forms to us by that time.

The T-shirts will depict three different Falcon body styles, each in a different color on a white background. The design is illustrated in this *Bulletin*. The cap will have a matching design. Clothing items ordered can be picked up along with your packet in the hospitality room upon arrival.

There are facilities for the parking of recreational vehicles or for campsites within a few miles of the show location. Information will be included with your registration confirmation.

See you in Valley Forge in July.

Chapter News

A meeting of the **Buckeye Chapter** will be held at Classics Pizza and Subs in Delaware, OH, on May 15, 1994, 12 noon to 3 pm. This is an organizational meeting to make plans for the chapter. Thanks to Bernie McCombs for all his help.

The **Blue Ridge Chapter** cruised together to a cruise-in at Shoney's in Greer, SC. There were several local car clubs participating and ten quality Falcons representing the chapter. Monthly meetings are being planned and advertisements placed in area newspapers to generate interest.

Help Needed

I need the paint code for the off-white paint used on the steering column of a 1962 Falcon built in Canada. Also, has anyone had any luck in painting the original sunvisors to the original color? If yes, please advise what type of paint was used and color code. Joseph Tatti, 2140 Falmouth Terrace, Burlington, Ontario, Canada L7P 1X0 — 905/335-2834.

Tire Availability:

7.00 x 13 Bias Ply Tire with 1" Whitewall

I have spoken with a representative from Coker Tire Company, 1317 Chestnut Street, Chattanooga, TN 37402. Two hundred tires or 50 sets of four would be required for a production run. He suggests that anyone interested should drop them a letter of interest or call 1-800/251-6336. State that you are interested in the above tire, leaving your name, address and club affiliation. I have been told that a file has been created for our interest. If you have any suggestions, contact Doug Barbour, 1140 William St., Hanover, PA 17331 — 717/637-6463.
